GESCHA Profi-Airbrush-SET

GESCHA Airbrush-Compressor

GESCHA Profi Airbrush-SET

For professional Airbrush use. For fine work and repairs. All necessary components and accessories are included in this set. **Due to the real fine spraying and material regulation you are able to do precise areas, lines and dots.** The flow cup on the side can be adjusted to any desired angle, which allows you to work in ach desired position. The spray gun is easy to take apart and clean.

Airbrush Set including:

- Air brush gun with flow cup (angle adjustable)
- **Double action system** (air-, paint amount regulator)
- Two part air nozzle
- Nozzle 0,3 mm
- 10 paint containers with fast cup exchange system
- Pressure reducer
- Pressure gauge
- Hose
- Pipette and wrench
